Founded in Southern California in 1995, GoWireless has strived to be a driving force in the wireless industry. With the rapid growth and ever changing technology, it has always been our corporate vision to enrich people's lives through wireless communications while providing exceptional customer service. With over 300 stores coast to coast, we are accomplishing our goals.

Because of our outstanding partnership with Verizon Wireless, we are able to offer our customers quality products and services on the nation's largest 4G LTE network. We pride ourselves on delivering industry leading customer service - online, over the phone and in person. Because of our commitment to our customers, we are able to offer exclusive, one of a kind packages such as the GoAdvantage and Ready 2 Go. These exciting offers make sure our customers stay powered, connected and protected!

Each and every GoWireless employee is focused, committed and dedicated to our customers. It is because of this that we have built a strong management team by recruiting top leaders in the wireless, telecommunications, financial and internet industries. It is through this team that GoWireless successfully excels in today's versatile and ever changing wireless industry.

When she was 11 years old, Lisa Newnham's family moved to Bainbridge. While growing up on the island, pets played an important role in family life. Following graduation from Bainbridge High, she was first a Husky, then a Cougar before finally becoming a Doctor of Veterinary Medicine.

In 2003 Dr. Lisa Newnham returned home to start a practice that set very high standards for patient and client care. She wanted her practice to be known for teaching clients about their pet's health and individualizing veterinary care to meet the needs of the entire family. She has dedicated her practice to maximizing the number of happy, healthy years her patients spend with their families.

At Companion Animal Wellness Center, she's put together a team of veterinary professionals who take the time to listen. We believe the first step to providing high quality veterinary care is to understand the big picture of your pet's life with you.

We're located just a mile north of the Agate Pass bridge on Lemolo Shore Drive with evening appointments available Tuesday/Wednesday and 8 am appointments available on Monday/Thursday. We're currently welcoming new clients and hope your family will soon be one of them.

We offer organizing services to people who feel overwhelmed by their stuff. We work side-by-side with you in your home to help you get organized. Our philosophy is that all of your clutter comes from your past, and that by clearing it out you can "make room for your future".

Sandra started working as a professional organizer in 2003. She was a founding member and secretary of the Seattle Area Chapter of the National Association of Professional Organizers (NAPO). In 2005 she formed Empty Your Nest LLC and trained five organizers, three of whom have gone on to start organizing companies of their own. Helping people who consider themselves "hoarders", "messies" or "chronically disorganized" is her specialty. She is also a downsizing expert. She is a member of NAPO, as well as the Institute for Challenging Disorganization (ICD).

All organizing sessions begin with a free, no-obligation 15 minute phone consultation.

We serve Bainbridge Island and northern Kitsap County and offer a military discount.

**BAINBRIDGE**  
VINEYARDS

A new generation of farmers and winemakers have recently reopened an established island vineyard and winery under the new ownership and a new name: Bainbridge Vineyards. We tend to our seven acres of grapes on working Bainbridge Island farmland, and are committed to using sustainable agricultural practices. Made with varietals originally from European wine growing regions similar to our own, such as the French Loire Valley, Alsace, and parts of Germany, our 100% estate-grown wines are an expression of the beauty and territory of the Puget Sound. We invite you to come and experience our range of offerings, from our driest "seafood friendly" white, to our Pinot Noir, to our raspberry dessert wine. Our farmstead vineyards and winery is open every Saturday and Sunday from 12 pm to 5 pm for tastings and wines by the glass. Bring a picnic to enjoy during the warmer months!

Every company has a story.

It's discovering what makes yours different, better or stand out from the competition.

A good story is memorable.

But to make it memorable, it has to be the right story, a true story, and if you tell it right, it should be your best story.

An award-winning communications professional, for more than 25 years Kevin Hawkins has been helping leading technology, financial services and real estate firms tell their stories.

Kevin Hawkins PR helps connect the dots, leveraging all media – from social to traditional – so a story grows and builds momentum, until everyone who needs to know your story, knows your story.

Locally, Kevin's clients include the leading local mortgage lender on Bainbridge, Bainbridge Lending Group, lead by Matt Culp and top producing loan officer Tom Rees; Johansson Clark Real Estate Broker Jason "Mr." Shutt; new real estate author, Orca Inspection Services' Dylan Chalk; and in Bellevue, international marketing technologies firm Imprev, which powers the RE/MAX Design Center and technology for Berkshire Hathaway HomeServices, Coldwell Banker, Royal LePage of Canada and more.

Kevin also is a freelance writer for California Real Estate magazine, the nation's #2 real estate trade magazine. Learn more at www.kevinhawkinspr.com, view his extensive portfolio on his LinkedIn public profile, or at www.kevinhawkins.org

After spending nearly 40 collective years in the financial services industry working for large broker dealers, Christopher Cannorro, Dimitri Uhlik, and Gregory Talcott launched Basilica Wealth Management, Inc. on Bainbridge Island in June. Through their experiences serving clients and their multitude of unique situations, Basilica Wealth Management's founders saw an opportunity to change the industry. Mr. Talcott, Basilica's Chief Investment Officer said, "Clients don't have one size fits all lives and they don't need a one size fits all solution from their broker". That led to the creation of Relationship Architect™, a program that allows investors to fully customize every aspect of the services they receive, right down to the price. These strong, personalized relationships are the cornerstone of generational wealth management where clients create plans that strive to deliver long term sustainability for their loved ones, heirs and charitable endeavors. Basilica Wealth Management is located at: 755 Winslow Way E Suite 200. Phone: 206-451-4815, online at basilicawealth.com

Photography is all about light and capturing the moment. I'll never forget a rugged hiking trip on Vancouver Island. After several hours of bush whacking through dense rain forest, I emerged on a rarely visited beach as the sun was setting. My friend hiking with me ran to the highest point, a wave pummeled rock. I snapped my shutter once, capturing my friend running a hand through her long blond hair, looking out to the Pacific, and beautifully silhouetted by the warm setting sun. These are the moments I live for, and am weekly presented with them through my photography business. I am honored to capture photographs of little ones and their family's simple love and joy in the beautiful Northwest. I wouldn't trade my job for anything.

A bottle floating in the ocean is just debris. Place a well written message inside of it and you can sell products, unite people, inspire, and even get yourself off a deserted island. But, the message has to be well written.

That's where I come in! I'm a Bainbridge freelance writer with over seven years of professional writing and editing experience. I have been drafting messages for years now. While to my knowledge, none have ever actually been placed in a bottle, they have been displayed on web pages, marketing materials, emails, feature stories, newsletters, blogs, etc. I have written these messages for businesses, people, animals and superheroes (yes, even animals and superheroes).

Allow me to assist and your life becomes easier. Your work product and business becomes more efficient and powerful. Your solutions become more creative. I'm a highly skilled and multifaceted professional ready to assist you in getting your writing needs accomplished now.

What's your message? If you know it, congratulations. Step 1 is complete. Now, you just need to get it out there. Contact me and let me assist. If you're struggling with Step 1, contact me as well. Message creation, generation and delivery are what I do best!

### INHEALTH IMAGING INSTALLS STATE OF THE ART MRI AND CT TECHNOLOGY

InHealth Imaging has installed the only **3Tesla MRI** on the West Sound and a **Low Radiation 64-Slice CT Scanner**. These two new pieces of equipment have now been installed in InHealth Imaging's Poulsbo office (the 3T MRI needed to be lifted off a truck and into the building by a 55-ton crane) which means that the radiologists and staff at InHealth Imaging are now offering the most advanced MRI and CT imaging services available. The 3T MRI offers maximum comfort, optimized exam time, and the confidence that the images generated will be of the highest resolution, and additionally there is no concern about radiation with MRI. It is very, very fast and very precise. As well, with one foot of spacious headroom patients won't feel like they are nose to nose with the top of the magnet. This means the tight confines in older MRIs are a thing of the past. The primary benefits of the new 64-slice CT at InHealth Imaging is that it provides patients lower radiation, advanced imaging capabilities, and more comfort with a much larger opening. InHealth Imaging LLC is a private, outpatient medical doctor's practice founded by Dr. Manfred Henne.
